The Port Washington Chamber of Commerce exists to serve the businesses and residents of our community. Our purpose is to build bridges of understanding and cooperation between the local governments as well as the businesses and the residents of Port Washington. We then advance those ideas which we feel are in everyone's best interests. This is particularly important in a community which is uniquely lacking in a central government, yet clearly in need of defining and acting on common objectives.

Help build a better future for Port Washington by supporting the Port Washington Chamber of Commerce.
